

The Source of Administration.

Here is the Administration Building. Beneath its lofty dome was the mainspring of the great Columbian Fair. Better work was never done than in its graceful structure. Every day witnessed within its walls a victory of mind over matter. Steadfast and intelligent endeavor, sustaining a perfect system, wrought out a magical triumph. The Administration Building might fitly be called the keystone in the Exposition arch.

Under the direction of these incomparable administrators the highest honors at the Fair were awarded to

Dr. Price's Cream Baking Powder

Superiority in leavening strength, perfect purity in make-up, and entire wholesomeness in effects, were the qualities on which the award was based. The award at Chicago has since been appropriately confirmed and justified by bestowal on Dr. Price's of the highest award and gold medal at the California Midwinter Fair.

DIAMOND HEAD, Jan. 29, 10 P. M. -Weather, clear; wind, fresh NW.

WEATHER BUREAU REPORT. Jan. 29, 9 P. M.—Temperature, 75°; dew point, 71°; barometer, 30.02. Moderate rains.

The steamer Kaala came in from Kahuku yesterday afternoon.

The schooner Transit is now at the railroad wharf taking on sugar. The U, S. S. Boston is expected from San Francisco at any mo-

The Hawaiian bark Rosalie, Nissen master, will leave for the Sound today.

Crews from the U. S. S. Benthe boats yesterday.

The schooner Transit will proba load of sugar today.

The steamer Kinau will sail for Maui and Hawaii at 11 a. m. Friday instead of her usual time, 10 a. m.

The Custom House officers have made a thorough search for opium on the Velocity but so far they have been unsuccessful.

The schooner Ka Moi arrived from the Hamakua coast Tuesday night with a cargo of sugar, which she discharged into the schooner C. Brewer & Company, Limited.

The steamer James Makee came in from Kapaa yesterday morning with 2395 bags of sugar. She sailed again in the afternoon for Hanamaulu.

The R. P. Rithet took on her first installment of sugar yester-

day at Wilder's wharf; 5000 bags of Onomea sugar was stowed away Dani in her hold.

The steamer Mikahala is due from Kauai today. She will leave again late in the afternoon on her usual route, taking with her HAWAHAN GAZETTE COMPANY, Wirth's circus.

A 16-foot double paddle canoe arrived from China by the bark Velocity for Albert Afong. It is canvas covered and shows fine workmanship.

was made up of 21,569 bags of sugar, valued at \$91,279, and shipped by Hackfeld & Co.

The ship Reaper needs about 8000 bags of sugar to top off her cargo. After completing that she will sail for New York. This will probably be during the latter part | Per year, 104 numbers.......\$5 00 of the week.

Kenneth Wallace has been transferred from the office of the Wilder Steamship Company to the pursership of the Claudine; Purser Kibbling has been transferred to the Likelike and D. H. Davis has been promoted from freight clerk of the Likelike to the pursership of the Kilauea Hou.

There was a bad scare aboard the Sjokongen yesterday. The wire broke and the block fell. After ten order to that effect. striking one of the boats and man attending the fall rope. Operations were suspended for a short time.

STOPPING A SHIP.

Time and Distance It Takes to Arrest a Vessel's Motion.

The motion of a steamship on the Atlantic, when the sea is calm, is so smooth and steady that the passenger hardly realizes the tremendous momentum of the vessel under his feet. After the engines have been slowed down there is a startling revelation of the energy of motion. This energy can also be accurately calculated with the aid of mathematical formulas, and the time and distance within which the motion can be totally arrested, and the ship be brought to a stand, may be ascertained in a similar manner. This calculation has recently been made for several

well-known ships. To stop the Etruria, whose "displacement" is 9680 tons, horsepower 14,321, and speed 20.18 knots an hour, two minutes and forty-seven seconds are required, and during the process of stopping, the ship will forge ahead 2464 feet, which is only 176 feet less than half a mile. The United Leave Pearl City. 7:40 Leave Ewa Mill. 8:10 Arrive Walanae..... ping, the ship will forge ahead States cruiser Columbia, with a displacement of 7350 tons, 17,991 horse-power and a speed of 22.8 knots, can be stopped in two minutes and fifteen seconds, and within a space of 2147 feet. The little flyer Cushing, also of the United only 105 tons, and horse-power Leave Ewa Mill. 7:19 Leave Pearl City. 7:50 Arrive Honolulu. 8:23 can be stopped within a distance of 301 feet in 18.4 seconds. In each case the vessel is supposed to be going at full speed, and the stoppage is produced by reversing the action of the propelling machinery.
